DETERMINING YOUR SIZE

HOW TO MEASURE

To measure accurately, keep the tape measure taut, but don't pull it tight. Get a friend to help, if possible. Measure over well-fitting undergarments.

BUST / CHEST: measure around fullest part of chest, keeping tape parallel to the floor.

WAIST: bend to side; measure where body curves - even if you wear your pants lower.

HIPS: with feet shoulder width apart, measure fullest part of hip/thigh area.

Note: *Body measurements should be taken using a standard measuring tape. Take all measurements loosely to accommodate wearing ease.*
